00:17:05   Hisham Leil: Laura, you should have it now

00:45:10   Liz Campanale: Could we use the cost center as the code?

00:54:19   Liz Campanale: Can Excel spreadsheets be dragged into the grant or do they also have to be emailed to the grant?

01:00:24   Liz Campanale: Thank you.

01:07:18   Laura Hancock Barry:If we are using the cost center as codes, can Brandon or Liz send us that list to refer to?

01:08:17   Christine Holbrook: We won't have a cost center to use for grants that haven't been awarded though. Maybe we could use a separate default for those.

01:08:28   Liz Campanale: Yes, we have a grants list that is updated every time we received a new grant.

01:09:20   Laura Hancock Barry:Maybe we do 999, then change it to the cost center? That would also allow us to easily identify grants that were not received as well...?
